- **Stays Sharp Longer**

Professional, satin-finished blade boasts precision cutting and is finely honed for long-lasting sharpness

- **Durable material**

The handle material can be chosen from a variety of high-strength composites or woods that can add to the overall durability of the knife and enhance its visual aesthetics.

- **Corrosion resistance**

Effective in resisting corrosion, rust and oxidation in a variety of environments, maintaining a long-lasting appearance and functionality.

- **Longevity and Stability**

Full knives are generally more durable and resistant to wear. The tang running through the entire handle ensures the knife remains securely intact over time.

- **3.5" S/S PARING KNIFE**

MK00227C9

SIZE:3.5",HANDLE:11.3CM,W:34G

- **3.5" S/S PARING KNIFE, D/B**

MK00228C6
